PASTA AMÒRE

The Pasta Amore Collection features several pieces created on Adobe InDesign and Photoshop. Working from a branding guide provided to me I tried created menus for a neighborhood Italian restaurant.

The color palette and related photos bring to mind the red checkered table cloths and pasta dishes from days gone by. Laying the menus out in InDesign I tried to create an enticing choice of dishes. I also added the logos from GrubHub and Instagram tipping the hat to the realities of modern restaurants.
